Dear Howie,

Just a final note about the recording and this weekend. I am afraid the tape was put on backward on the spool. That is you will have to wind it on another spool to play it forward correctly. Also I'm sorry that we couldn't wax it for you but we got your letter too late to have it recorded, so I hope this arrangement does not inconvenience you too much.

About the WPRU-WYBC tussle--our men will be thoroughly prepared by 11 AM saturday morning. We can all meet at the station and take off from there to the field. As you know we are having an open house that morning also--probably begining around 9:30 or 10. We want as many of your people to drop down as well as the Princeton faculty. This fall we have been madly rebuilding so now we have a pretty good set up. Our large studio has yet to be soundtreated, but should be in operation in about two weeks.

I have to do a two hour show from one of the dances this Friday night at 11, so I hope you can drop in on me early Friday evening. Otherwise I will see you Saturday morning.

Sincerely,

Charlie
